Courier-Post Newspaper

(Public Legal Notices)

A public legal notice must be run for 1 day specifying the reason for coming to the board (sample attached). The ad must be run at least *10 days* (including weekends) prior to scheduled hearing date. However, it is suggested that the sooner the ad is run, the better.

To expedite your legal notice, please contact Patty Rose Legal Clerk for the Courier Post in Cherry Hill, Phone # 888-516-9220; Email: cplegals@gannett.com or fax 888-516-9480. You will be asked general information such as your name, address, telephone number, and method of payment. Then, of course, they will need the specifics to your legal notice.

The cost to run an ad for 1 day is approximately \$50.00 and the Courier Post accepts Credit Cards, Checks and Cash.

Once the ad is run for a day, the Courier Post will send you an affidavit of publication. When you receive this document, **the original** must be filed in the Planning and Zoning Office.

If you should have any questions or need further assistance, please contact the Planning and Zoning Office, We'll be glad to help.

PENNSAUKEN PLANNING BOARD

Procedures Following Site Plan Approval

The following steps must be taken prior to the issuance of any building permits:

- Certificates or letters of approval from all outside agencies mentioned in the resolution, or having jurisdiction over the site, must be received by the Planning Office.
- All revised site plan drawings and engineering data required to satisfy conditions must be submitted to the Planning Board Engineer.
- The Site Improvement Bond Estimate, *equal to 120%* of the installation of all required improvements, must be submitted to the Planning Board Engineer, and when approved, a bond in the form of either an insurance company bond or an attorney's letter of credit must be deposited with the Municipal Clerk.
- The Site Improvement Inspection Fee in the form of a certified check, drawn payable to the Township of Pennsauken, in the amount *equal to 5%* of the estimated Site Improvement Costs, must be given to the Planning Board Office to be put in an *escrow account*.
- Evidence of the filing of the deed of lot consolidation, if required, must be presented to the Planning Board Office.

Permits can be issued upon completion of these steps

- When permits have been issued, the applicant must follow the Township Engineer's Inspection Notification Guideline.
- After completion of work and the Certificate of a Occupancy has been issued by the Construction Official, the applicant can request release of bond from the Township Engineer. At this time, the Board Engineer will indicate if all work is satisfactory and if so, the bond can be released.
- Before the release of the 120% Performance Bond, a 15% Maintenance Guarantee for a period of one year must be posted with the Township Clerk.
- Eleven months after posting of a bond, the applicant must notify the Board Engineer and request release of the bond. At which time the Board Engineer will authorize the release of the bond if the site has been maintained according to the Pennsauken Code Standards.
- Approximately two months after the Maintenance Bond has been released, the balance remaining in the original 6% Site Improvement Inspection Escrow will be returned to the applicant.

It is the **applicant's responsibility** to determine whether or not there are any rights-of-way or easements on or across your property. If so, it is the applicant's responsibility to give legal notice to the appropriate utility or utilities. If you are in doubt, it is suggested that notice be given to the appropriate public utilities.

TAKE FURTHER NOTICE, that, **in addition**, notice of public hearings on applications for **major subdivision** approvals or **major site plan** approvals must be given by the applicant to all public utilities and all cable television companies that have any facilities or possess a rights-of-way or easement located **ANYWHERE WITHIN TWO HUNDRED FEET OF THE SUBJECT PROPERTY**. It is suggested that major subdivision and major site plan approval applicants should contact the appropriate utilities and obtain, in writing, a statement whether or not that utility has any facilities or easements within two hundred feet of the subject property.
